ERNIE ELS WRITES FOREWORD TO  
THE GOLF FANATIC'S GUIDE TO HAWAII

Hot Tub Publishing is proud to announce that PGA Tour star Ernie Els has written the foreword to the company's forthcoming travel guidebook for golfers, *The Golf Fanatic's Guide to Hawaii*.

"I'm so honored that Ernie Els, a golfer who I've always admired, wrote the foreword to my book," said author Bryan Fryklund. "'The Big Easy' is such a class act. I really couldn't be happier."

Els has over 50 worldwide career victories – including the U.S. Open and several PGA tournaments in Hawaii – and has been one of the top professional golfers in the world since the mid-1990s. He is also a golf course architect, and has a new course under construction on Oahu.

"I'm happy to have been given the opportunity to write this foreword for *The Golf Fanatic's Guide to Hawaii*," Els writes in the opening sentences of the foreword. "I'd certainly count myself a golf fanatic and I'm a big fan of Hawaii."

*The Golf Fanatic's Guide to Hawaii* describes 50 of the top courses in the state, accompanied by color photography, statistics and directions. It has a publication date of November 11, 2008.
